

Copenhagen Square

PATTERN-PARADISE.COM

Size: 12" Square

Materials:

- Made with worsted weight yarn, in 3 colors, I used *Red Heart With Love* in White (Color 1), Peacock (Color 2) and Bluebell (Color 3) for my samples.
- Hook Clover Amour J/6.00 mm
- Tapestry Needle

Gauge: See checkpoints within pattern.

Abbreviations (US Terms):

BLO: Back loop only

BP: back post

ch: chain

dc: double crochet

FLO: Front loop only

FP: front post

hdc: half double crochet

sc: single crochet

sl st: slip stitch

st(s): stitch(es)

tr: treble crochet

Special Stitch:

Popcorn St: Work 5 dc in designated stitch. Drop the loop from the hook. Insert your hook from front to back under the top 2 loops of the first double crochet of the group. Grab the dropped loop with your hook and pull it through the stitch.

Notes:

- Pattern is written in US Standard terms
- The stitch count is in () at the end of each round.
- Repeat instructions within [] or * as indicated.
- When a number precedes a stitch, work that number of stitches in the next stitch, example 3dc means work 3 double crochets in the next stitch.
- When a number follows a stitch, work that stitch in the designated number of stitches, example dc 3 means work a dc in each of the next 3 stitches.
- Work all post stitches around the post of the designated stitch (not in the top of the stitch).
- Beginning chain stitches **do not** count as a stitch.
- Chains within a round do count as a stitch and are included in stitch count.
- Join rounds with a slip stitch to first stitch of round.
- Each round starts in the same stitch as the join.
- Be sure to leave stitches behind post stitches unworked.
- Round repeats are worked from the center of one side to the center of the next with a corner between. Repeats are written accordingly and may seem awkward at first glance.

Color Changes:

- I wrote this pattern to be worked in 3 colors, but of course, you may use as many or as few colors as you like.
- In this pattern, color changes are made in the last pull-through of the stitch before the new color starts. Work stitches as usual until you have 2 loops on your hook, in the last stitch before the color change. Wrap the new color around the end of the hook, then pull it through and finish the stitch with the new color.
- I carry the unused colors in the back of my work and pick each color up as needed, however, if you prefer not to have any carried threads, you may fasten off at each color change.
